# How this works

1. Join a group of 4
2. Introduce yourself!
3. Nominate someone as a scribe
4. Share your answers & experiences
5. Listen
6. Be mindful of your volume
7. At the end of the talk pick one key idea and share to the room
8. When the time is up, one person stays, the other 3 move to a new table!

# Scribes

If you or your group want to highlight an **interesting idea, approach** or **common theme**, do so!

Be sure to **include who's idea it was**, so others can talk to them **during conference** and **afterwards**

# We'll gather notes after each chat
